DIARY NOTES

DD/S

23 August 1965

1. On 23 August I called Mr. Kirkpatrick concerning the telephone that he had installed in his car and the extension from the Agency switchboard to his home. Kirk informed me that the extension to his home had been canceled some months ago and on Friday 27 August he would arrange to have the telephone removed from his car.

2. I also discussed with Kirk the effective date of his resignation which was agreed upon as 27 September 1965. His consultant contract can be set up to become effective 28 September 1965.

3. Later in the day I had a discussion with [REDACTED] regarding security clearances available to Kirk in his consultant capacities. It was agreed that we would let Kirk keep all his clearances pending he might have in the Agency.

4. [REDACTED] called as to whether or not it would be proper to propose [REDACTED] for promotion to GS-16. He asked if it were proper to do so at this time. The position in TSD is classified as a GS-15, and we will have to consider what action can be taken. I will call Seymour and ask him to submit his recommendation and I will then consider whether or not the promotion can be arranged.
